HAMILTON

Designed by Nicholas & Harrison Condos

LINEAR LIGHTNESS

The Hamilton collection is inspired by the lush environment of Hamilton Island, one of Australia's most spectacular and sought-after holiday destinations. When in Hamilton Island, be expected to be surrounded by pristine white beaches and a kaleidoscope of coral and marine life. Pairing woven Olephin rope with a vertical silhouette, the pieces of this collection will surely brighten any outdoor sanctuary.

HAYMAN

Designed by Nicholas & Harrison Condos

METICULOUS DESIGN, ROBUST MATERIALS

Named after one of Australia’s most iconic island destinations, the robust Hayman collection is inspired by the low, clean lines of contemporary coastal Australian architecture. Representing pure modernism, the collection’s hardwearing powder coated aluminium frames meet with thick and comfortable cushion seating to create a contemporary aesthetic that invites relaxation. It’s superior materials and angular lines are meticulously designed to withstand the elements, making the Hayman collection ideal choice for the statement-maker.

PACIFIC

Designed by Nicholas & Harrison Condos

COOL COASTAL FORMS

A coastal, modern design, the DC Habitat Pacific Collection uses grade-A Indonesian, plantation teak to form a fresh collection with our classic quality and style. From teak folding chairs with our unique folding mechanism, extendable teak top tables, stacking sunbeds and sofas with removable arms that create up to twelve layout combinations, the Pacific collection is designed to suit any need. A new color Burnt Charcoal makes use of UV resistant paint; a no-stress option for those who don't wish to maintain the natural color.

TRANSFORM YOUR OUTDOOR SPACE

OUTDOOR/INDOOR

Outdoor/Indoor - Honed Black Granite slab top with powder coated aluminum frame. Allow the radiant flames of a DC Habitat fireplace to cast a warm glow on your space. We now offer 3 fuel types Choose between plumbed natural gas, readily available propane, or our eco-friendly bioethanol fuel system. We make it easy for you to achieve exactly what you want, for exactly where you want it.

DC HABITAT FIRE:
3 STYLES WITH 3 DIFFERENT BURNER CHOICES
ENDLESS FLEXIBILITY

NATURAL GAS

Our Natural Gas (NG) systems provide not only the lowest cost of operation, they require no refuelling of any type, ever. Offering a high heat output and the flexibility to adjust the height of the flame as you desire, our Natural Gas burners feature a push button ignition and are UL/ULC Listed.

LIQUID PROPANE

Fueled by readily available propane, our LP solutions feature up to 55,000 BTUs of heat output while requiring no costs for installation. Our LP burners are UL/ULC Listed, include a battery powered push button ignition and offer the flexibility to relocate your fire feature as needed.

e-NRG BIOETHANOL

The most eco-friendly of our options, our Ethanol technology offers ultimate flexibility. Whether setting up for indoor or outdoor use, our ethanol fires are installed and operating in a matter of minutes. Completely self contained, ethanol provides the freedom to relocate your fire as desired without any limitations.
